Discover the

COLLECTION

Our love of vintage continues this season with retro-inspired prints and nostalgic knitwear.

We have kept our signature optimistic look and feel, and at the same time staying respectful of the world we currently inhabit.

We've chosen a rich colour palette which is warm and inviting, but also very easy to wear. We're bringing optimism to the forefront of this collection with our use of colour and patterns. Our prints are still very distinctive but eminently wearable.

Our shapes are nostalgic in look but still have a completely contemporary feel. We have also added some new textures and fabrics to deepen the range and make it both day and evening wear.

During the development process we were unsure if we achieved our goals but now we are over the moon.....

CIRCUS

CIRCUS

Cardigan - CK28 EYE PATTERN BLUE

CIRCUS

Jacket - 9004 TEAL
Dress - CD632 SHUTTLE

Circus Brand Values

Our mission at Circus Apparel is to create timeless and elegant clothing that not only makes women feel confident and beautiful, but also supports sustainability and ethical manufacturing practices.

As a vintage-inspired ladies clothing brand based in Dublin and manufactured in New Delhi, India, we are committed to using only the highest quality materials. These include Organic Cotton, BCI Cotton and EcoVero, which are grown and harvested in a way that is kind to the environment. We believe that it is our responsibility to protect the planet for future generations, and that starts with the materials we use to create our clothing.

We also believe in the importance of fair labour practices. That's why we pay our employees a living wage, providing them with the means to support themselves and their families. Our workers are treated with respect and dignity, and we are proud to be able to contribute to the local economy in this way.

In addition to our commitment to sustainability and ethical manufacturing, we also take great pride in our designs. We create our own prints and dress patterns, ensuring that our clothing is unique and special. Our team of talented designers draw inspiration from the past, creating pieces that are both nostalgic and contemporary.

We believe that fashion should be more than just a trend, it should be an expression of who you are. Our clothing is designed to empower women and make them feel confident in their own skin.

As we move forward, we pledge to continue to innovate and improve in all areas - from the materials we use, to our manufacturing processes, to our designs. We will remain transparent and accountable in our practices, always striving for excellence in all that we do.

Join us on our journey to make fashion sustainable, unique and empowering!
