SPRING/SUMMER 2026

LIFE WORN WELL

New Arrivals

LAUNCH 1 | DECEMBER

The year may be drawing to a close, but our latest style story is just beginning.

Inspired by the natural world, new palettes, textures and shapes are guided by the principles of floriography: the folk tradition of using flowers to convey meaning and stories. Bright, inviting tones invite confidence and renewal. Inky abstracts signal fluidity for this transitional time of year.

Cosy knitted textures add depth and dimension to chilly days. Denim comes straight from the artist's studio, where functional details meet ultra-flattering cuts. Choose your favourite and partner with fresh neutrals.

Discover. Experiment. Curate. Inspiration awaits...

Oak & Flax, Sorrel & Indigo

LAUNCH 2 | JANUARY

Saturated shades and soft shapes. Our January collection steps into the new year with ease.

We're honouring this transitional season by finding balance. Studiowear denim is fresh and modern, knitwear is soft and comforting. Directional separates make layering easy, while simple basics give us space to tone things down.

It's a good time to introduce hardworking wardrobe staples. They'll carry you through the year, becoming the foundations for a new season of style. But don't forget to stop and smell the flowers; inky botanicals lean towards springtime, and optimistic colours set the tone for a bright year ahead.

Beech & Bluebells, Pansies & Forget-Me-Nots

LAUNCH 3 | FEBRUARY

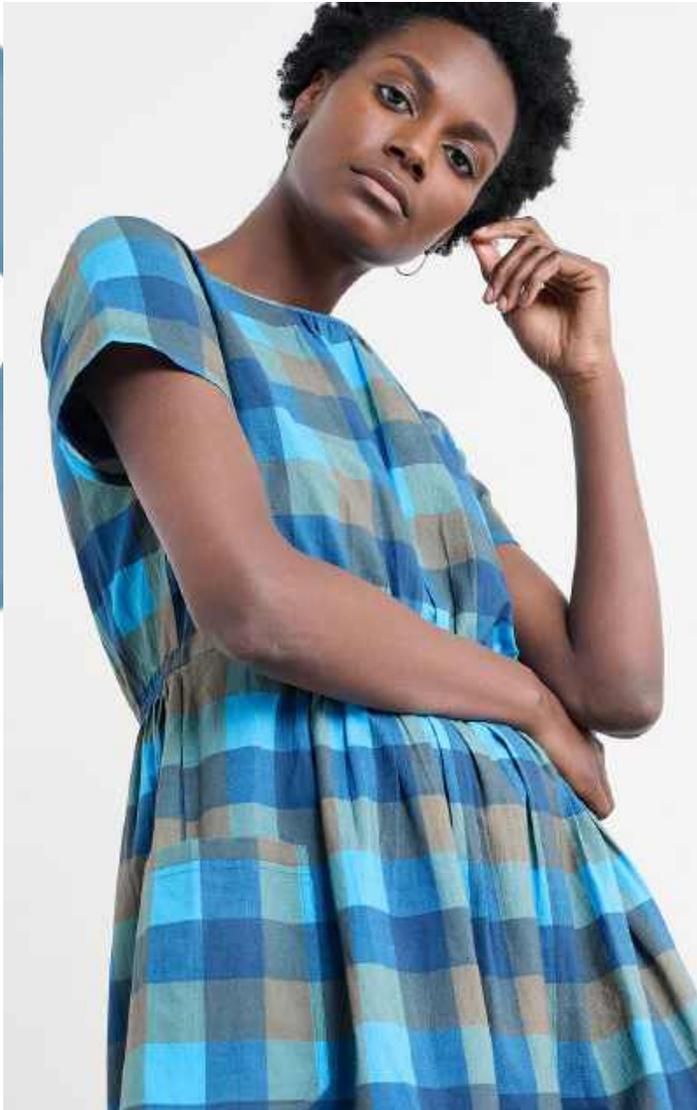

New shoots. Fresh growth. Our February collection dives into the vitality of spring.

Woodland florals inspire a lively palette of pigmented shades and inky prints. Transitional textures and sporty shapes add energy to pared-back staples. Dresses are versatile and layers are light.

Perennial wardrobe favourites are reimagined in zingy Cornish colours, and the clean canvas of calm neutrals give colour-pop pieces space to bloom. It's time to embrace lived-in style, with open collars and just-tucked shirts: comfort meets confidence, for days in spring sunlight.

Brouse Dress spring pansy seagrass · QC 250
