SS 27

MELANGE

The first appeal of all the FRISTED QUALITIES is the beautiful melange colours, that vibrate with light, as you can see on the cover of this booklet.

The melange yarn is made up of fibers dyed in multiple colours.

The fibre dyeing gives a softer handfeel than solid dye.

FRISTED

COLOUR THEMES

COLOUR COORDINATING IS KEY

Please sort your samples into the 3 colour themes

When presenting the colour themes,
please show a few
sweaters in each theme - please make sure to show
multi-coloured series - as J & H, that shows
the colour themes well

GOTS CERTIFICATE

All our melange cotton is GOTS certified.
(Global Organic Textile Standard) - it meets the
highest ecological & social standards throughout
the entire production chain.

The GOTS Certification ensures: Organic raw materials.
No hazardous chemicals. Treated wastewater.
Protected workers' rights. No child labour.
Ensures traceability in the supply chain.

PROPERTIES OF COTTON

Cotton is one of the most beloved and versatile natural fibres.
It offers softness and comfort,
and is exceptionally strong and durable.
Ideal for everyday use.

COMBING

Our cotton is softer, stronger and smoother
than regular cotton because
it undergoes an extra cleaning and refining step:
the combing process.
This process uses fine-toothed combs to remove
short fibres and impurities

CARE

Wash at 30°C - 40°C with a mild detergent
to preserve the colours.
Airdry, away from heat sources and direct sunlight,
to prevent colour shading. Iron while moist.

JACQUARD in reverse & plainknit -
inspired by traditional crossstitch embroidery

ORGANIC COTTON & CASHMERE

The 5% of cashmere lends the organic cotton
/cashmere quality softness.

Cashmere is made from the hair of the cashmere goat, originating from Tibet and Mongolia, where temperatures can vary from freezing at night to baking hot during the day. In addition to its softness, it is precisely this characteristic of regulating temperature, that has made cashmere the most exclusive and sought-after wool in the world.

The reason that the fabric is so pricey is that it takes two Kashmir goats every year to produce enough fibre to make a single jumper.

The colours are dyed melange.

CARE

The Cotton/Cashmere can be machine washed on the wool wash programme at 30 degrees celcius. Use a good wool detergent as not to degrease the fibers.

Lay flat to dry & shape while moist. Iron when damp.

The cotton is made from certified organic yarn.

BODY MEASURE

based on the measurements
of a tight t-shirt

FIND YOUR SIZE

EU SIZE	36-38	38-40	40-42	42-44	44-46
TIGHTT-SHIRT	S	M	L	XL	XXL
CHEST	86cm	92cm	98cm	104cm	110cm
WAIST	76cm	82cm	88cm	94cm	100cm
HIP	88cm	94cm	100cm	106cm	112cm

SIZES

The sales collection is in size medium.
Sizes available are : S - M - L - XL - XXL.
They are graded with 6 cm on the full WIDTH
Length is graded by 2 cm between sizes.
The sizes are aligned with Himalaya
measurements
Oversize has no size XXL.

MEASUREMENTS

On the photo of each style
the full chest & the length is marked,
as well as the colour name & number
& the fit

NECK DROP

Neck drop is measured from the
shoulder point – (next to the neck edge)
– to the bottom of the neck hole

LENGTH MEASUREMENT

The length is measured
from bottom edge till shoulder
– just below the neck edge.

TIGHT

with fitted waist

RELAXED

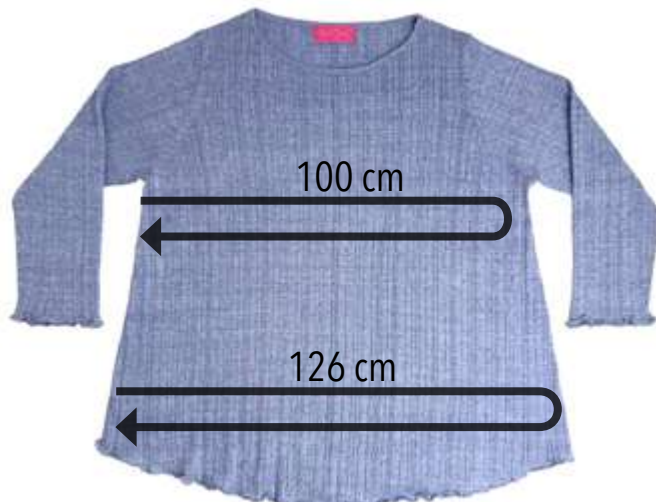

with relaxed waist

FIT

In the FRISTED SS27 collection, there are 4 fits : tight, relaxed, a-line & oversize.

If the length is shorter than 60 cm, 'short' is written next to the style.

A-LINE

OVERSIZE

bottom width can be normal/tapered, as OZA or same wide as chest, as EAST
